TELEPHONE 618-998-2145

Williamson County Highway Department (WCHD) is seeking an Engineering Technician that has a wide range of interest and experience. WCHD maintains over 660 miles of county highways and township roads as well as 95 bridges through a staff of 28 maintenance workers, 4 engineering and office staff, and other engineering consultant contracts. In order to maintain these facilities WCHD administers an annual budget 4-6 million dollars of road and bridge maintenance, 1-3 million annually in roadway related construction and design projects involving local, state, and federal funds, as well as hundreds of utility and overweight/oversize permits. If you have an interest in learning various aspects of engineering, project management, and being part of a team providing services to the citizens of Williamson County please submit your resume by January 31, 2022, to the following:

Yvonne Richert, Office Manager

Engineering Technician Job Description

Engineering Technician should have minimum of 4 years college courses in engineering related field and/or 5 years engineering experience in the areas of roadway design/construction, construction surveying, auto CADD, bridge inspection, and/or computer technologies. They will be part of a team responsible for the project design, constructability review of future projects, construction contract administration, and construction inspection of projects involving work done under contract with both contractors and consultants. Experience and familiarization with IDOT design standards, special provisions, Standard Specifications for Road and Bridge Construction, general construction techniques for roads and bridges utilized by the Illinois Department of Transportation are a plus. List of other possible duties but not limited to: Review utility permits, monitor utility installations, plotting of annexations, upkeep of surveying and inspection equipment and other duties as assigned.

Salary commensurate with experience
Salary Range \$40,000 to \$65,000
Paid sick leave, personal days, 13 holidays, vacation, medical, IMRF retirement

This position reports directly to the County Engineer.
